

CPS Parent Checklist for Remote Learning Success

As part of CPS' effort to make remote learning accessible to our students, your child has received this device to take part in learning activities at home. Here are tips to help you get started with your child's new CPS-issued device.

Get Internet access

Be sure to have your Internet service activated. Contact an Internet Service Provider to get plan rates and set up your service:

Comcast - **1(855) 846-8376** Xfinity - **1(800) 934-6489**
AT&T - **1(866) 861-6075** RCN - **1(800) 746-4726**

Learn how to navigate the device

Instructions for getting started with an iPad, Chromebook or Windows laptop can be found at cps.edu/RemoteLearning

Get connected with your teacher

1. Access your student's CPS account

Log in or check with your teacher to claim your student's CPS email account at google.cps.edu

2. Your teacher will reach out to students or parents to share the communication tools that will be used to connect with the class

Teachers have the option to use the following tools:

- Google Meet to conduct a live video-conference with the class
- Google Classroom to post assignments and hold virtual class discussions
- Google Chat to send direct messages or have a group conversation

Familiarize yourself with Remote Learning tools

Instructions for using Google communication tools as well as enrichment learning resources by grade level can be found at cps.edu/RemoteLearning

Need Additional Help?

Starting on April 13th, 2020

Parent Technical Support Hotline: 773-417-1060

Hours: 7:30 am - 4:30 pm on school days
